# GreenDex

Everyone's 'going green' these days and the southwest of England is leading the way in many areas, from organic farming to renewable energy. But how do you know which businesses are actually eco-friendly and which are simply jumping on the eco/sustainable bandwagon?

The following sights, activities, and eating and accommodation choices have all been selected by our authors because they meet our criteria for sustainable tourism; for more background on issues affecting the region see the Environment chapter.

If you think we've missed anywhere out, or if you disagree with our choices, email us at [talk2us@lonelyplanet.com.au](mailto:talk2us@lonelyplanet.com.au) and set us straight for next time.
