Life is either a daring adventure or nothing at all – Helen Keller

Empire State Building, New York, USA

This striking art-deco skyscraper may no longer be New York's tallest building, but it remains one of its most recognisable icons, a clean-lined modern monolith crafted from Indiana limestone.

The ESB has appeared in dozens of films and still provides one of the best views in town – particularly around sunset when the twinkling lights of the city switch on.

Amber Fort, Jaipur, India

A romantic tumble of battlements and bastions on a rocky desert ridge, this gargantuan fortification was the personal playground of Raja Man Singh, who amassed incredible power and fortune as one of the favoured generals of the Mughal Emperor Akbar. Outside, Amber Fort is fierce and formidable; inside, it's all gorgeous carvings, inlays and perforated marble screens.
