GREENDEX

GOING GREEN

It seems like almost everyone is going 'green' these days. But how can you know which businesses really are ecofriendly and which are simply jumping on the bandwagon? All of the following sights and attractions, activities, tour operators, restaurants, shops, lodgings and even transportation have been hand-picked by our authors because they act in harmony with sustainable tourism goals. Some are locally owned and operated, others are actively involved in resource conservation, but whatever their speciality, all are committed to lowering their impact on the environment. We want to keep developing our sustainable tourism content. If you think we've omitted somewhere that should be listed here, or if you disagree with our choices, email us at talk2us@lonelyplanet.com.au and set us straight for next time. For more information about sustainable tourism and Lonely Planet, see www.lonelyplanet.com/about/responsible-travel.
