Why Go?

Typical Egypt itineraries rarely take in the area right around Cairo because little of it can honestly be put in the ‘must-see’ category, except of course for the majestic ancient site of Saqqara, which lies on the city’s southern edge. Thanks to speedy microbuses and good trains through the Delta, it’s easy to get from Cairo’s confines to open green fields; ancient sites you’ll have all to yourself; modern Coptic monasteries with roots 17 centuries deep; and the not-for-the-squeamish action of a live camel market with camels that come from deepest Sudan. Every destination here can be visited as an easy day trip or a leisurely overnight excursion from the capital.
