

# Northwestern Germany Trips

**LEARN TO LOVE GERMAN WINE AMID GORGEOUS WINERIES** on these trips, which take in the fabled vineyards of the Rhine and Moselle Valleys. And you'll find more beauty outdoors as you tour the sheltered towns and pristine beaches of the North Sea.

Inside you'll find plenty to enjoy, from the churches and cultural must-sees of Cologne to the superb museums in the mighty cities of Germany's Ruhr Valley. History as far back as the Romans is found in ancient towns such as Xanten.

History of a much more fanciful sort features in the German Fairy Tale Road. The tales we all loved as children have much more complex pasts, as you'll learn in the string of towns that include the stunning Marburg and Bremen.
