## HOW TO USE THIS BOOK

### Colour-Coding & Maps

Colour-coding is used for symbols on maps and in the text that they relate to (eg all eating venues on the maps and in the text are given a green knife and fork symbol). Each neighbourhood also gets its own colour, and this is used down the edge of the page and throughout that neighbourhood section.

## AMELIAT HOMAS

Amelia Thomas is a British writer and journalist who works throughout India and the Middle East, often with her highly understanding husband and excitable four under-fives in tow. She has worked on numerous Lonely Planet guides, and her research trip to Goa unintentionally became longer-term when her family decided they liked it so much, they'd stay for the season. Her book, *The Zoo on the Road to Nablus*, telling the true story of the last Palestinian zoo, was published in 2008, and she is currently working on *Hypnosis!* – a tale of the life of eccentric Goa native and hypnotist extraordinaire, Abbé Faria (see p78). Her ideal day involves a long walk along Agonda Beach (p108) and a dip in the sea at Palolem (p110); her toddlers, however, would argue that a close encounter with a troupe of monkeys, a long sandcastle session, and several 'Raspberry Dolly' ice creams make the perfect Goan combination.

## AMELIA'S T HANKS

Thanks, first, to Pinky and her wonderful family, and to Nich and Cheryl for sunset G&Ts and breakfast *bhaji-paus* (small, spicy curries with a fluffy bread roll for dunking). Many thanks to Will Gourlay, Shawn Low, Sam Trafford and the Lonely Planet team, and, as always, to Gal, Cassidy, Tyger, Cairo and Zeyah, without whom I'd be lost – even in Goa.

## THE PHOTOGRAPHER

Greg Elms has been a contributor to Lonely Planet for over 15 years. Armed with a Bachelor of Arts in Photography, Greg was a photographer's assistant for two years before embarking on a travel odyssey. He eventually settled down to a freelance career in Melbourne, and now works regularly for magazines, graphic designers, advertising agencies and, of course, book publishers such as Lonely Planet.

Why is our travel information the best in the world? It's simple: our authors are passionate, dedicated travellers. They don't take freebies in exchange for positive coverage so you can be sure the advice you're given is impartial. They travel widely to all the popular spots, and off the beaten track. They don't research using just the internet or phone. They discover new places not included in any other guidebook. They personally visit thousands of hotels, restaurants, palaces, trails, galleries, temples and more. They speak with dozens of locals every day to make sure you get the kind of insider knowledge only a local could tell you. They take pride in getting all the details right, and in telling it how it is. Think you can do it? Find out how at [lonelyplanet.com](http://lonelyplanet.com).

# THIS IS GOA

Swaying palms, white sands and sparkling waters: the three essential elements that attract two million visitors to Goa's balmy shores every year are bountiful in this tiny, glorious slice of India that hugs the country's western coastline.

For almost 500 years Goa was a solitary Portuguese outpost in India, and the influence of colonial rule can still be seen almost everywhere: in the exquisite, crumbling architecture; in the East-meets-West cuisine, which combines coconut milk, palm vinegar and chillies with the refined flavours of Lisbon; in the melancholy strains of fado that still waft occasionally on the bougainvillea-scented breeze; and in the siesta-saturated *joie de vivre* that Goans call *susegad*, or *sosegado*.

Nowhere else in India will you find the laid-back languidness of a Goan lunchtime, the easy charms of its people, or the soothing serenity of a day on its beaches. In Goa, a herd of water buffalo will greet you at breakfast, a lily-covered lake might provide the scenery for a morning walk, a sea eagle will prove an afternoon companion along a deserted stretch of pristine beach, a gorgeously spice-laden *vindalho* can make your evening repast, and a fiery glass of cashew-palm feni liquor will be your bedtime tonic.

Whether you choose to ply the state squeezed sardinelike into its faithful chugging buses or opt, as most travellers do, to buzz its byways on a scooter or aboard a roaring Royal Enfield motorbike, the more you explore the more you'll love this little haven in the maelstrom that is India. Wander its riotous markets, experience a blazingly colourful Muslim, Hindu or Catholic festival, then lie back and relax with a sunset cocktail or an ayurvedic massage on its glorious beaches, where coconut palms murmur gently overhead and crabs scuttle silently in the shallows.

So come, shed your cares, and be intoxicated by the hospitality that's kept invaders of both the friendly and more forceful varieties returning time and again for centuries.
