Northeastern Aegean Islands

Why Go?

The wildly varied northeastern Aegean Islands (Τα Νησία του Βορειοανατολικού Αιγαίου) invite intrepid travellers to escape the crowds, while experiencing old-fashioned island cuisine, culture and celebrations.

Eccentric Ikaria is marked by dramatic landscapes, pristine beaches and a laid-back, left-leaning population. Nearby Chios is an ecotourism paradise, provides fertile ground for the planet’s only gum-producing mastic trees. The islands range from sprawling Lesvos, Greece’s third-largest island and producer of half the world’s ouzo, to mid-size islands like sultry Samos and breezy Limnos, and bright specks in the sea like Inousses and Psara. Samothraki is home to the ancient Thracian Sanctuary of the Great Gods.

This group is less compact than other Greek island chains. Thasos and Samothraki are only accessible from Northern Greece ports, while Ikaria is just a skip across the water from Mykonos. Lesvos, Chios and Samos offer easy connections to Turkey’s coastal resorts and historical sites.
