## Why Go?

From the subarctic plateau of the Cairngorms to the rolling hills of Highland Perthshire and the rugged, rocky peaks of Glen Coe, the central mountain ranges of the Scottish Highlands are testimony to the sculpting power of ice and weather. Here the landscape is at its grandest, with soaring hills of rock and heather bounded by wooded glens and rushing waterfalls.

Not surprisingly, this part of the country is an adventure playground for outdoor-sports enthusiasts. Aviemore, Glen Coe and Fort William draw hill walkers and climbers in summer, and skiers, snowboarders and ice climbers in winter. Inverness, the Highland capital, provides urban rest and relaxation, while nearby Loch Ness and its elusive monster add a hint of mystery.

From Fort William, base camp for climbing Ben Nevis, the Road to the Isles leads past the beaches of Arisaig and Morar to Mallaig, jumping-off point for the isles of Eigg, Rum, Muck and Canna.

## When to Go

### Inverness

**Apr–May** Mountain scenery is at its most spectacular, with snow lingering on the higher peaks.

**Jun** Fort William hosts the UCI Mountain Bike World Cup, pulling huge crowds.

**Sep** Ideal for hiking and hill walking: midges are dying off, but weather is still reasonably good.
