Why Go?

Mumbai is big. It's full of dreamers and hard-labourers, starlets and gangsters, stray dogs and exotic birds, artists and servants, fisherfolk and *crorepatis* (millionaires) – and lots of people. It has India's most prolific film industry, some of Asia's biggest slums (as well as the world's most expensive home) and the largest tropical forest in an urban zone. Mumbai is India's financial powerhouse, fashion epicentre and a pulse point of religious tension. It's even evolved its own language, Bumbaiyya Hindi, which is a mix of...everything.

If Mumbai is your introduction to India, prepare yourself. The city isn't a threatening place but its furious energy, limited public transport and punishing pollution makes it challenging for visitors. The heart of the city contains some of the grandest colonial-era architecture on the planet but explore a little more and you'll uncover unique bazaars, hidden temples, hipster enclaves and India's premier restaurants and nightlife.
