# Greindex

The following organisations have been selected by our authors because they demonstrate a commitment to sustainability. We've listed these businesses and not-for-profits for diverse reasons: some refill water bottles with safe, drinkable water and use local produce, funnelling profits back into the community; others support refugees by providing them with employment or reinvest profits into local groups. Ecotourism and trekking organisations that take care of the natural environment and minimise our impact on it are also mentioned here.

If you think we've omitted someone here, email us at [www.lonelyplanet.com/contact](http://www.lonelyplanet.com/contact). For more information about sustainable tourism and Lonely Planet, see [www.lonelyplanet.com/responsible-travel](http://www.lonelyplanet.com/responsible-travel).
