WELCOME TO THE PACIFIC NORTHWEST

What's the Pacific Northwest got that other regions don't? Plenty. Start with hundreds of miles of coastline and throw in a stunning natural landscape: thousands of years of geological events have dramatically shaped this region, leaving behind snow-capped mountain ranges, rocky islands, hundreds of waterfalls, natural hot springs and one particularly lovely gorge.

Because almost every drive in the Pacific Northwest is a scenic one, there's no better way to see it than by road trip. The great stops along the way range from historical sites to natural wonders to roadside attractions.

You can cruise along the coast, explore volcanic remnants, sample regional wines, or even travel in the footsteps of Lewis and Clark.

And if you've only got time for one trip, make it one of our Classic Trips, which take you to the very best of the Pacific Northwest.
