GreenDex

It seems like almost everyone is going 'green' in the USA these days. But how can you really know which businesses are ecofriendly and which are simply jumping on the bandwagon?

The following sights and attractions, activities, tour operators, outdoor outfitters, nonprofit and educational organizations, festivals, restaurants, coffeehouses, shops, accommodations, transportation methods and more have been handpicked by our authors because they are in harmony with sustainable-tourism goals. Some of those picked are involved in environmental conservation and cleanup. Others may be locally owned and operated, helping to preserve regional identity, arts and culture, especially that of Native Americans (including Alaskans and Hawaiians).

We want to keep developing our sustainable-tourism content. If you think we've omitted somewhere that should be listed here, or if you disagree with our choices, email us at talk2us@lonelyplanet.com.au and set us straight for next time. For more information about sustainable tourism and Lonely Planet, see lonelyplanet.com/about/responsible-travel.
