GOING GREEN

The following sights, attractions, accommodation, eating places and transport options have been selected by the authors because they demonstrate a commitment to sustainability. Restaurants and cafes get the nod because of their use of seasonal, organic and locally sourced produce or they are formally accredited with an environmental badge (*Umweltzeichen*) for best environmental practices. We've also highlighted farmers markets and local producers in each neighbourhood in the Eating chapter. In addition, we've covered accommodation that we deem to be environmentally friendly, for example, either because they have the environmental seal or because they are committed to recycling or energy conservation. For more tips about travelling sustainably in Vienna, turn to p19. Also see the various parks and green spaces in the Neighbourhoods chapter (p47). If you would like to comment on our selection or think we've omitted someone who should be listed here, email us at www.lonelyplanet.com/contact. For more information about sustainable tourism and Lonely Planet see www.lonelyplanet.com/responsibletravel.
