Why Go?

Passionate, sophisticated and devoted to living the good life, Spain is at once a stereotype come to life and a country more diverse than you ever imagined.

Spanish landscapes stir the soul, from the jagged Pyrenees and wildly beautiful cliffs of the Atlantic northwest to charming Mediterranean coves, while astonishing architecture spans the ages at seemingly every turn. Spain's cities march to a beguiling beat, rushing headlong into the 21st century even as timeless villages serve as beautiful signposts to Old Spain. And then there's one of Europe's most celebrated (and varied) gastronomic scenes.

But, above all, Spain lives very much in the present. Perhaps you'll sense it along a crowded after-midnight street when it seems all the world has come out to play. Or maybe that moment will come when a flamenco performer touches something deep in your soul. Whenever it happens, you'll find yourself nodding in recognition: *this* is Spain.

When to Go

Madrid

Mar–Apr Spring wildflowers, Semana Santa processions and mild southern temps.

May & Sep Mild and often balmy weather but without the crowds of high summer.

Jun–Aug Spaniards hit the coast in warm weather, but quiet corners still abound.

Connections

Spanish airports are among Europe's best connected, while the typical overland route leads many travellers from France over the Pyrenees into Spain. Rather than taking the main road/rail route along the Mediterranean coast (or between Biarritz and San Sebastián), you could follow lesser known, pretty routes over the mountains. There's nothing to stop you carrying on to Portugal: numerous roads and the Madrid-Lisbon rail line connect the two countries.

The most obvious sea journeys lead across the Strait of Gibraltar to Morocco. The most common routes connect Algeciras or Tarifa with Tangier, from where there's plenty of transport deeper into Morocco. Car ferries also connect Barcelona with Italian ports.

There is a high-speed rail service between Paris and Barcelona (7½ hours), but at the time of writing it still required a change of trains in Figueres Vilafant. The Madrid-Paris line is also being upgraded to become a high-speed service.

ITINERARIES

One Week

Marvel at Barcelona's art nouveau-influenced Modernista architecture and seaside style before taking the train to San Sebastián, with a stop in Zaragoza on the way. Head on to Bilbao for the Guggenheim Museum and end the trip living it up in Madrid's legendary night scene.

One Month

Fly into Seville and embark on a route exploring the town and picture-perfect Ronda, Granada and Córdoba. Take the train to Madrid, from where you can check out Toledo, Salamanca and Segovia. Make east for the coast and Valencia, detour northwest into the postcard-perfect villages of Aragón and the Pyrenees, then travel east into Catalonia, spending time in Tarragona before reaching Barcelona. Take a plane or boat for the Balearic Islands, from where you can get a flight home.
