Take a Break...
Chokladkoppen is a long-standing city favourite, right on Stortorget.

6 Källargränd leads southward to **Stortorget**, the cobblestone square where the Stockholm Bloodbath took place (1520).

1 From Centralstationen, head to **Sergels Torg**, a square with frenzied commuters, casual shoppers and the odd demonstration.

2 Pop into arts hub **Kulturhuset** (Sergels Torg; www.kulturhuset-stadsteatern.se), with its exhibitions, theatres, cafes and creative spaces.

3 Next, visit the grand and pretty **Kungsträdgården**, originally the kitchen garden for the Royal Palace.

5 Facing the cathedral across the cobblestone square is **Kungliga Slottet**.

4 Head for the city's medieval core, into Storkyrkobrinken and the city's oldest building, **Storkyrkan** (Trångsund 1; www.stockholmsdomkyrkoforsamling.se);

7 Explore the old town around **Mårten Trotzigs Gränd**, Stockholm's narrowest lane, on your way back to Centralstationen.
