GreenDex

Choosing ecofriendly tours and accommodation is one of the best ways you can limit your impact on the environment. But what is ecotourism? Basically any tourism venture that is ecologically sustainable, focuses on experiencing natural areas, and fosters environmental and cultural understanding and conservation. In Australia, look for operators sporting the eco-tick assurance, determined by Ecotourism Australia (www.ecotourism.org.au). This accreditation is rigorous and graded.

The following choices have all been selected by Lonely Planet authors because they demonstrate an active sustainable-tourism policy. It's not an exhaustive list and we want to continue developing our sustainable-tourism content. If you have a suggestion or amendment, email us at www.lonelyplanet.com/feedback.

For more information:

Lonely Planet (www.lonelyplanet.com/responsibletravel) Advice on how to travel responsibly.

Sustainable Travel International (www.sustainabletravelinternational.org) Has developed an ecocertification program.

Green Building Council of Australia (www.gbcaus.org) Has a green star rating for buildings (examining design and construction).
