# WELCOME TO EUROPE

Europe has an embarrassment of riches. To incomparable art and architecture, add a vivid past. To spectacular scenery and vibrant cities, add the finest food and wine. It's a place that helps you do and be what you've always wanted. Hike mountain passes. Savour wine beside sun-ripened vines. Tour *palazzi* and *pueblos*. Linger over lunch-time people watching. Feel you belong.

These riches are best by far discovered by car. And the countless stops we've crafted into 40 road trips are your key to unlocking those experiences. Grip the wheel in white-knuckle mountain routes. Cruise along coast roads. Drive historical timelines. Trace gourmet and vineyard trails.

Trips packed with culture, cities, history, mountains, food, beaches, wine and art – they're all waiting to be discovered and our routes will guide you every stop of the way.
