Why Go?

Return time and again and you still won't see it all. Stand on a bridge over the Arno river several times in a day and the light, mood and view changes every time. Surprisingly small as it is, this riverside city looms large on the world's 'must-sees' list. Cradle of the Renaissance and of tourist masses that flock here to feast on world-class art, Florence (Firenze) is magnetic, romantic and busy. Its urban fabric has hardly changed since the Renaissance, its narrow streets evoke a thousand tales, and its food and wine are so wonderful the tag 'Fiorentina' has become an international label of quality assurance.

Fashion designers parade on Via de' Tornabuoni. Gucci was born here, as was Roberto Cavalli, who, like many a smart Florentine these days, hangs out in wine-rich hills around Florence. After a while in this absorbing city, you might want to do the same.
