

# Pacific Northwest

## **WHAT'S THE PACIFIC NORTHWEST GOT THAT OTHER REGIONS DON'T? PLENTY.**

Start with hundreds of miles of coastline and throw in a stunning natural landscape: thousands of years of geological events have dramatically shaped this region, leaving behind snowcapped mountain ranges, rocky islands, hundreds of waterfalls, natural hot springs and one particularly lovely gorge.

Because almost every drive in the Pacific Northwest is a scenic one, there's no better way to see it than by road trip. You can cruise along Oregon's epic coastline, explore the volcanic remnants of Crater Lake, go up the Inside Passage, or even travel in the footsteps of Lewis and Clark. We'll help you find all the great stops along the way, from historical sites to natural wonders to roadside attractions.
